PHF Member Response:

Health

- Action Against Hunger provided PPEs to health and nutrition staff for the continuation of life saving nutrition interventions in Sindh. This included 150,000 surgical masks, 6,000 hand sanitizers (100 ml), 2,400 examination gloves, 270 heavy duty gloves, 842 protection overall, 842 protection goggles and 40 chlorine tabs 500 gm bottles.
- CBM is in process of procurement of Personal Protective Equipment (PPEs) for around 8,000 kits. The kits will be distributed amongst government hospitals/isolation centres in Punjab through National Committee for Eye Health as major partner and including other stakeholders; government hospitals/isolation centres in Khyber Pakhtunkhwa and Sindh; and to CBM Eye Health partner hospitals in Punjab and Sindh.
- International Medical Corps (IMC) provided Training of Trainers (TOT) and training for health care managers to 45 staff of Department of Health KP on how to safely don and doff PPE, implement effective IPC measures, and establish formal procedures to deal with suspected and confirmed COVID-19 patients.
- Qatar Charity distributed 4000 cleanliness kits for quarantine centers and government health facilities across all four provinces (Balochistan, Khyber Pakhtunkhwa, Punjab and Sindh).

Global Updates

- A team led by researchers from King's College London examined the levels of antibodies in more than 90 confirmed virus patients and how they changed over time. Patients who recover from coronavirus infections may lose their immunity to reinfection within months, according to research that experts said could have a "significant" influence on how governments manage the pandemic.
- Pfizer Inc and partner BioNTech SE said two of their experimental coronavirus vaccines received 'fast track' designation from the U.S. health agency, speeding up the regulatory review process. The fast track status could potentially make Pfizer and BioNTech's vaccine candidates, BNT162b1 and BNT162b2, eligible for the U.S. Food and Drug Administration's 'priority review', under which the agency aims to decide on an approval within six months.
- According to a United Nations report, nearly one in nine people in the world are going hungry, with the coronavirus pandemic exacerbating already worsening trends this year.
- The coronavirus pandemic has caused an "unprecedented education emergency" with up to 9.7 million children affected by school closures at risk of never going back to class, Save the Children has warned.
