

Khyber Pakhtunkhwa Child Protection and Welfare Commission

SERVICE DIRECTORY

Khyber Pakhtunkhwa Child Protection and Welfare Commission

SERVICE DIRECTORY

HELPLINE SERVICE 1121

Message from the Chairperson

(Senior Minister for Social Welfare, Special Education & Women Empowerment Department)

Children are deemed as the future of a nation and in order to have a good future we need to invest a lot in the children today. Establishment of Child Protection and Welfare Commission is one such step, through which the government of Khyber Pakhtunkhwa seeks to give a better today to the children so that our nation have a best future. The Government is seriously interested in the protection and welfare of our children and the Child Protection Act 2010 is a clear example of this strategy.

I am thankful to IOM-OIM for designing and printing comprehensive service directory.

I hope that the Child Protection and welfare Commission through its efforts will make the Government proud and keep our children safe and sound.

Sikander Hayat Khan Sherpao

Message of the Vice Chairperson

(Secretary to Government Social Welfare, Special Education & Women Empowerment Department)

Child Protection and Welfare Commission has been established in 2011 under Child Protection and Welfare Act 2010. The basic purpose of KP-Child Protection and Welfare Commission is to ensure the protection and welfare of children at risk in the province.

The Act covers a variety of Child Protection issues. The Commission Performance in the past more than six years is second to none and I hope that KPCPWC have set high standards which will be maintained and is in accordance with the international conventions and standards.

It's a matter of honor that the first ever consolidated service directory of twelve districts have been compiled with the support of IOM-OIM where majority of service provider's that include Government Line department's, NGOs and INGOs at twelve districts are cited.

I am thankful to IOM-OIM who have designed and printed the service directory for KPCPWC where individual from grass root level of community till policy makers of the Province will get benefit from it.

Syed Abdul Jabbar Shah

Message from Deputy Chief

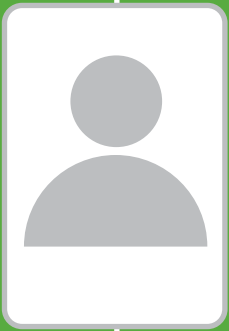

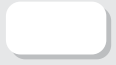

(KP-Child Protection and Welfare Commission)

Children are the valuable asset of our Nation, the future of our land and the hope for tomorrow. Children constitute the greatest asset of a nation. In a country like Pakistan, where children constitute a good percentage of population we need to give much more attention to their all around development. KPCPWC asserted its keenness to implement several initiatives and projects to enhance Child Protection from every potential barrier. This commitment are realized through the effective measure of Child Protection and Welfare Commission which has established to promote the security, safety and also elaborate the rights of vulnerable children in KP. It's our duty to improve our protection mechanism and introduce laws, rules, regulations for the protection of children from violence, abuse and exploitation.

The establishment of Child Protection and Welfare Commission is one such concrete step that the provincial government has taken to safeguard the rights of children and to help the child at risk. The commission has established 12 Child Protection Unit at districts level and its staff is working closely with community line departments and civil society organizations. We are strengthening our roots in the society and we are trying our level best to reach the common man. With the blessing of Allah Almighty, we are heading towards our goal of a safer society for children.

In the end I must appreciate and thanks IOM-OIM who supported us in designing and printing of the service directory.

Ijaz Muhammad Khan
